Tuesday, May 15, 2018 from 6:30 – 8:30 pm

Registration open from 4-3-18 through 5-8-18

**When Families and Households Experience Change:
The Impact of Loss for Children* (KCF IIC, CDA 3)**

(This Training is MNCPD/Develop Approved)

Trainer – Kristen Wheeler-Highland (Develop – Level 2)

Location: To Be Determined

Growing up is an ongoing process of change that involves losses as well as gains for all children. Preparing children for change, no matter the source, is difficult. We try to create structure and predictability in their life. We work hard to give them routines, a regular schedule and consistency, but we live in a world of constant change. This workshop is designed to support those that care for children in personal or professional settings. Discuss children's understanding of loss, discuss how children of various ages display grief. This session will focus more specifically on common varieties of change (birth, death, moves, divorce) that children experience. Tips and strategies for supporting children during this confusing and stressful time will be provided.

***MEETS THE CHILD DEVELOPMENT AND LEARNING & BEHAVIOR GUIDANCE TRAINING REQUIREMENT FOR LICENSING**

These trainings are for paid attendee's 13 years of age and older. Please do not bring children to trainings.
